Italy - Tanfoglio	Tanfoglio Witness Wonder 10(Compact)	Pistol	10 mm Automatic (10x25. <u>10 mm</u> Auto, Colt Automatic, Bren-Ten) The pistol incorporates several unique design features that have produced a truly outstanding weapons platform. The ergonomic grip allows the pistol to be grasped in such a way that it points more naturally. The "slide in frame" design produces a lower profile pistol, which places the sights closer to the axis of the pistol's bore, further enhancing accuracy.	B5	☒ ☒ ☒ ☒ ☒

Value	lenght			barrel	rounds	weight
Poland	<b>Bechowiec 1 (Beha)</b>	Submachine gun Blowback operated	<b>9x19 Parabellum</b> (9 mm NATO, Para, Luger, Beretta, Suomi), The firing mechanism incorporates a hammer, and the weapon fires from the closed breech position. There is a three-settings safety / fire selector lever on the left side of the receiver. In the fully automatic (FA) mode of fire, the automatic sear trips the sear for each shot, thus preventing the premature firing of the round.	A2	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/>

Spain - Astra (Esperanza y Unceta)	<b>Astra 4000 (Astra Falcon - USA)</b>	<b>Pistol</b>  SA Browning	<b>.22 LR, .380 ACP, .32 ACP.</b> The Astra Falcon is based upon the Astra 400. In 1956 Astra introduced the Model 4000, also designated the "Falcon." Its primary innovation was an external hammer and the elimination of the grip safety, though the gun retained the grip shape and magazine release of the Model 3000. The rear sight is dovetailed in, making it adjustable for windage.	<b>B5</b>	<input checked="" type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/>

Spain - Star (Bonifacio Echeverria SA)	<b>Star BM (Mod. 1997, Compact)</b>	<b>Pistol</b>	<b>9 mm Parabellum (9x19 NATO, Para, Luger)</b> A total of 217,682 Star BM pistols were made between 1972 and 1992. Although its external appearance resembles the classic M1911, its design is different in several respects. For example, the Star does not have the 1911's grip safety. In addition, the thumb safety on the Star disengages the sear, whereas it blocks the motion of the trigger on a 1911.X	<b>B5</b>	<input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/>

Switzerland - SIG	<b>SIG MP46</b>	<b>Submachine gun</b> Blowback operated	<b>9x19 Parabellum</b> (9 mm NATO, Para, Luger, Beretta, Suomi) It had both semi and full-auto capability. Semiauto firing was done with a short trigger pull, while a full pull would allow firing until the trigger was released. The MP46 family used a drum-type rear sight. The MP46 was equipped with a full-length wooden stock and 300mm barrel, and had attractive lines for a postwar submachine gun.	<b>A2</b>	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/>

Unknown	<b>At Aero 088</b>	<b>Submachine gun</b>	<b>9x19 Parabellum (9 mm NATO, Para, Luger, Beretta, Suomi),</b> The AT AERO 088 is a modern day machine pistol. Rather similar in appearance to the MPi 69, it has a simple wire stock, and its working principle is the telescoping bolt. It uses the 9 mm Parabellum cartridge.	<b>A2</b>	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/>

USA	<b>Palm Pistol</b>	<b>Palm pistol</b>	<b>.38 Special</b> (9x29 R. .38 S&W Colt Special) As its name would suggest, the pistol sits snugly in the palm. It is fired by use of the thumb rather than the index finger via a "push" of between 9-10 pounds. The light pressure required to fire the weapon reduces "muzzle drift", or the unintentional moving of the muzzle away from the intended line of fire. No thinking licensed gun owner would go near this silly thing.	<b>B2</b>	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/>

USA - AMT (Arcadia Machine & Tools, Inc.)	AMT Back Up II .380 ACP (Backup)	Pistol	9 mm Browning Short (9x17 Kurz, .380 ACP, Auto) The AMT Backup pistol was designed in the early 70ties as a pocket pistol in powerful .380 ACP caliber. Smaller and lighter than a Walther PPK or 2 inch .38 revolver, the AMT Backup delights by its slim and uncomplicated design. No external hammer or levers	B5	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

				weight 6 lbs	
USA - Encom	Encom MP9/45 (MP-9/45)	Submachine gun	9x19 Parabellum, .45 ACP This heavy assault pistol was developed for use by special operations forces, but rejected due to the high weight (the MP-45 is constructed of heavy-gauge steel). The MP-45 It looks similar to the TEC-9, but has a shorter barrel (in its standard form) and is obviously military in function. The weapon can use a variety of different-sized magazines. USA - Erl Svendsen Firearms Manufacturing Company	Erl Svendsen Little Ace	Derringer pistol	.22 Short RF (5,6x10,5 R. .22 Short, S&W RF. .230 Short RF) It is a tiny little single-shot .22 short derringer with a sheath trigger, patterned after the rim-fire derringers of the late 19th Century. The frame is solid bronze. The barrel is blued steel and the barrel is rifled with the normal 22 cal rifling. The grips are plastic and they are the birds eye style . These guns were marketed as the smallest derringer in the world.
