SPR Tactical stock. Long Range Precision Rifle. Sniperu. All FN SPR rifles are based on the same so-called pre-64 Winchester 70 actions. These actions feature round receivers and a rotating bolts with dual front lugs. Non-rotating Mauser-type claw extractor and fixed blade ejector provide controlled and reliable feeding, extraction and ejection. Specially made match-grade barrels have chromium-plated bores. Standard barrel length is 24" (610mm), but there are two minor modifications with shorter 20" barrels, A1a and A5a. For LE and Military use SPR rifles are available with threaded barrels which can accept tactical suppressors (silencers).
